Profile

A passionate Front-End Developer with 1 year of hands-on experience in building responsive, user-friendly web applications. Skilled in HTML, CSS, JavaScript, and modern frameworks like React. Adept at turning UI/UX designs into interactive web pages, optimizing performance, and ensuring cross-browser compatibility. Proven ability to collaborate with designers and backend developers to deliver seamless user experiences.

Professional Experience

Junior Web Developer

Jun 2024 – present

Cube Corpsol

Erode, India

- Developed the company website with 6 responsive and interactive pages, including the **landing page** and **registration forms**
- Used **HTML**, **CSS**, **JavaScript**, and **Bootstrap** to build clean, mobile-friendly user interfaces
- Created form validations and ensured smooth user interactions for all input and registration forms
- Collaborated with UI/UX designers to convert mockups into functional front-end components
- Ensured cross-browser compatibility and responsiveness across devices
- Optimized web page performance, improving load time and user experience
- Managed version control using **Git**, maintaining clean and organized code repositories
- Actively participated in team discussions, gathered feedback, and contributed to continuous UI improvements
